SENADORAS DO BRASIL

90 ANOS DO VOTO FEMININO

O Comitê Permanente pela Promoção da Igualdade de Gênero e Raça tem o prazer de relançar, nos 90 anos do voto feminino, a exposição *Senadoras do Brasil*, originalmente produzida pela Biblioteca do Senado Federal, em 2018, sob o título *A conquista do voto feminino no Brasil*.

Desde a posse da primeira Senadora, Eunice Michiles, em 1979, até a atualidade, tivemos 63 senadoras e 576 senadores homens, de maioria branca, o que revela o desafio para o alcance da paridade de gênero e raça na representação política brasileira.

O Comitê Permanente pela Promoção de Igualdade de Gênero e Raça do Senado Federal apresenta a exposição virtual Senadoras do Brasil, com o objetivo de mostrar a Representação Política Feminina no Senado Federal.
